

DIY Pricing Structure

DAILY LAB FEE *(Appointment required)*

Standard DIY Lab Fee - \$10 per day for all users.

To produce your own work in the lab you will pay a daily lab user fee. DIY Daily Lab Fee covers access to a workstation. A \$5 scanner fee will be applied for use of an Epson flatbed (with reservation)

Students & Recent Grads \$5 per day

Provides a 25% discount on printing and scanning costs (Please note that this does not apply to materials such as paper or glassine). Additional student rates are available for tutoring and workshops. Available to any and all current students with proof of enrollment. Discounts for recent grads are available for one year after graduation (proof of graduation date required)

Former Artist in Residence Free membership + 10% off ink costs.

LAB EQUIPMENT

We provide access to these high-end equipment and a controlled production environment.

Main Production Space

Our main production space is the central area of activity in the lab; whether we're completing work for your Printing & Scanning Service order or you're taking advantage of our multifaceted lab space, we have a range of equipment and amenities available.
